Student Success & Accreditation

- The institution pursues educational improvement through goals and strategies that improve retention, persistence and completion rates in its degree and certificate programs. (HLC 4.3)
- The institution establishes and shares widely a set of indicators for student achievement....should be disaggregated by race, ethnicity, age, gender....widely published....aligned and benchmarked.....used to inform planning decision making and allocation of resources. (NWCCU 1.D.2-4)
- The institution identifies, evaluates, and publishes goals and outcomes for student achievement appropriate to the institution's mission, the nature of the students it serves, and the kinds of programs offered. The institution uses multiple measures to document student success. (SACSCOC 8.1)

What Is the

Postsecondary Data Partnership?

Transformative way for your institution to measure and report student progress and success. The Postsecondary Data Partnership (PDP) empowers your institution with more **comprehensive data**, easier **analysis & insights**, centralized **reporting**, and better **visuals** to help you **understand and improve student outcomes**.

PDP Aligns with IHEP Student Success Metrics

Analyze **past** performance

Lagging Indicators

Outcomes over time:

- Persistence/retention
- Transfers
- Outcomes
- Credentials conferred and time to credential

Influence **future** performance

Leading Indicators

Early momentum indicators:

- Credit accumulation rate
- Credit completion ratio
- Gateway course completion
- Term to Term

The PDP

- Democratize access
- Identify Equity & Achievement Gaps
- Assess progress in closing gaps
- Deep Disaggregation
- Benchmarking

Enrollment

- Count of new undergraduate students

Gateway Course Completion

- Proportion of students who completed required gateway courses in math and English in year one

Credit Accumulation Rate

- Proportion of students who complete sufficient credits in each of their first four years

Credit Completion Ratio

- Ratio of credits attempted to credits earned

Retention Persistence

- Proportion of student enrolled (or completed) by their second year at cohort or another institution

Transfer

- Rate students transfer to other institutions, and whether they earn a credential before/after transfer

Outcomes

- Proportion of students completing a credential at the cohort or other institution

The Analysis Ready Files Provide Deeper Analysis

Analysis ready file with one row per student

Two files: Cohort based, and Course focused

Data from course file, cohort file, and NSC enrollment/degree data 50 fields (columns)

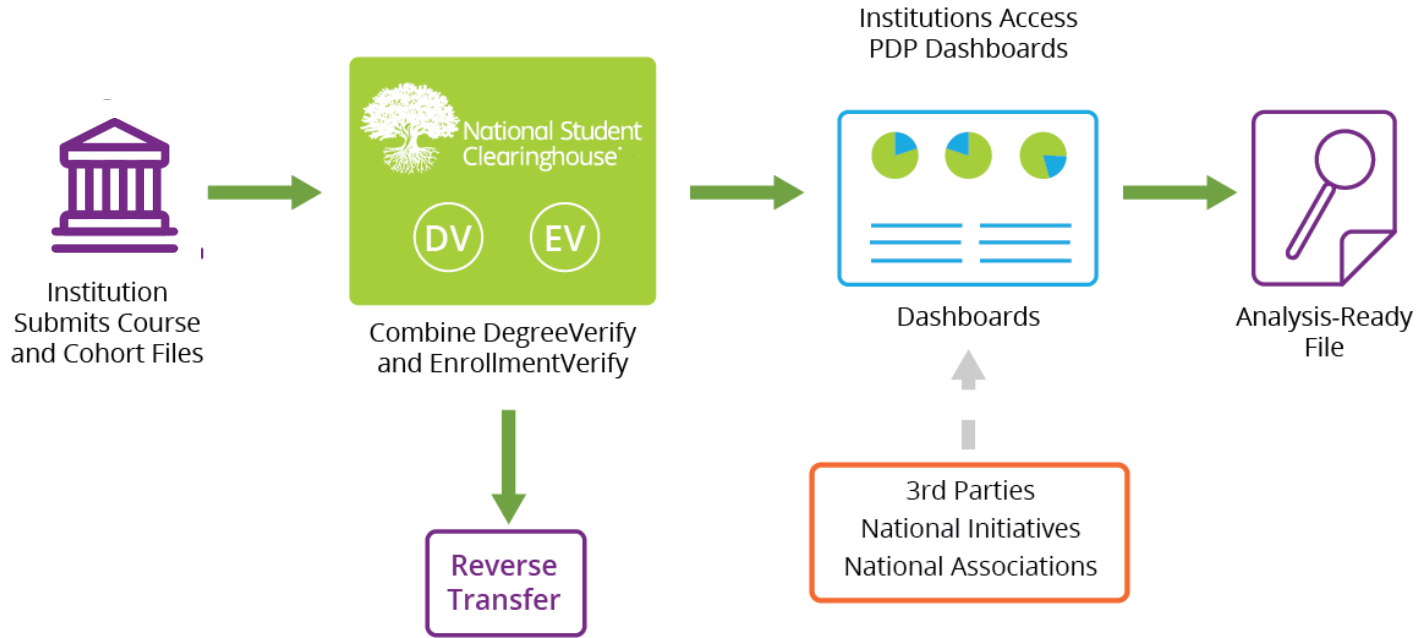

Includes derived metrics from the dashboards

Create college defined cohorts- such as matching to early alert measurements and predictive analytics

The PDP Process
