The Territorium CLR is an evidence-driven digital record that is verified by faculty, university requirements and industry standards.

SHARE CLR WITH EMPLOYERS

DIGITAL WALLET

Territorium CLR creates a live and continuous Competencies and Skills Transcript that goes into the student´s digital wallet where they can share the CLR with prospective employers.
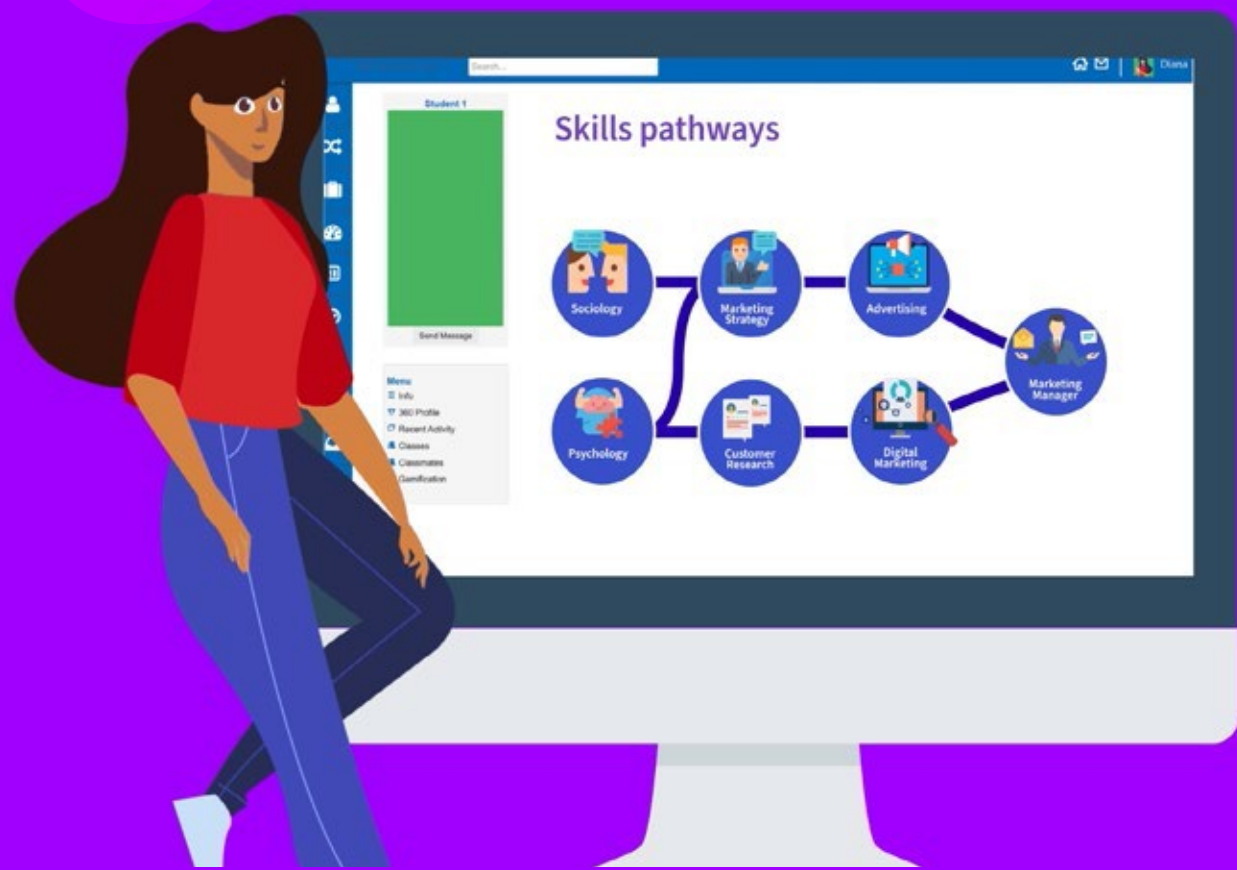

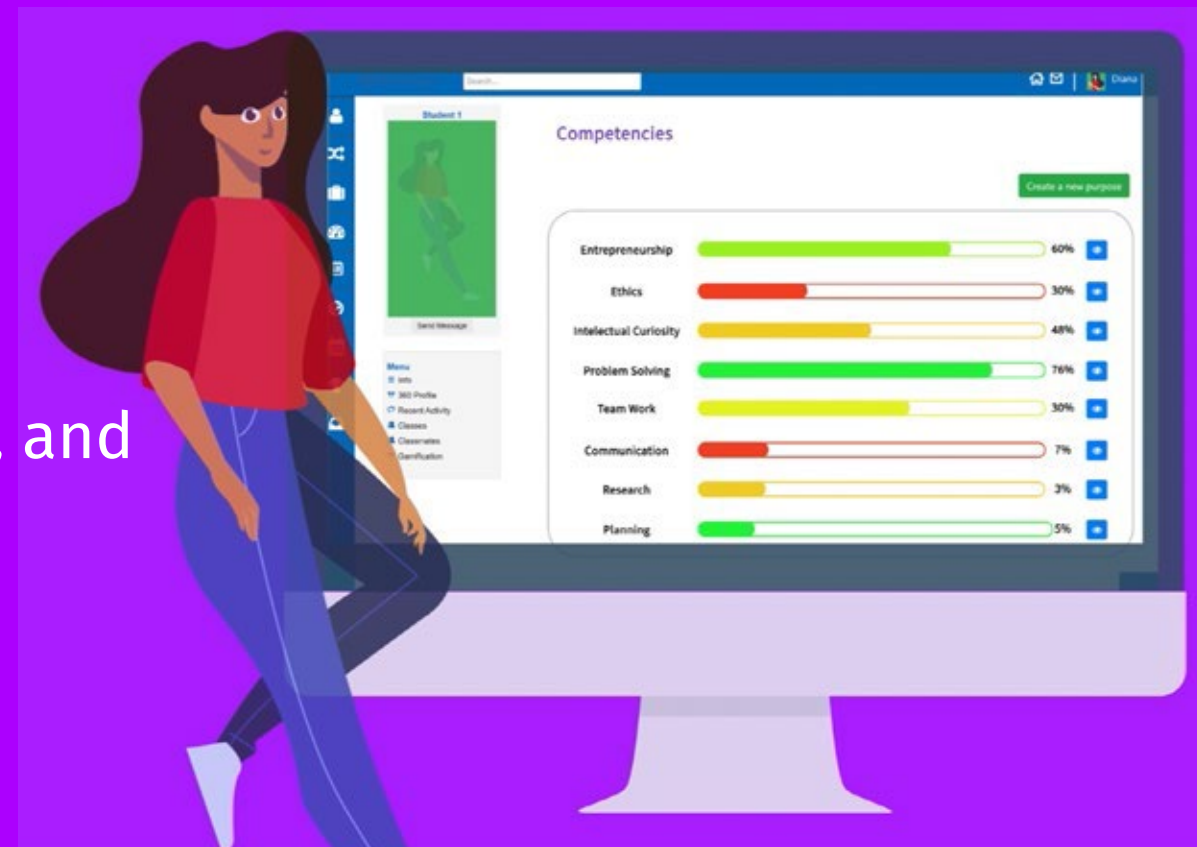

CLR

LEARNING HAPPENS EVERYWHERE

Capture learnings on campus, off-campus, and in all college experiences.

Map learning outcomes to knowledge, competencies, and skills needed by employers for each job.

Help students show a comprehensive view of their interests, knowledge and talents.

CLARIFY PATH FOR STUDENT SUCCESS

Students see the pathway to follow to meet their career goals.

Students know the relevance of each learning experience to their career.

Students track their progress on assessments, learning outcomes, competencies and skills.

Territorium started in 2012 and is helping higher education transform to competency-based learning for 9,000,000 students worldwide today.
