

Leveling Up Your Assessment Skills

KESTON FULCHER, PH.D.

JOHN HATHCOAT, PH.D.

SARA FINNEY, PH.D.

The background of the slide is a dark teal color, overlaid with a repeating pattern of colorful speech bubbles. Each bubble is a different color (including shades of red, purple, yellow, and grey) and contains a white question mark. The bubbles are scattered across the entire page, creating a textured, question-oriented background.

DISCUSSION

Overview

- Assessment 101 (Virtual)
- PhD Program (In Person; Harrisonburg, Virginia)
- Q&A

About Assessment 101 @ JMU

- Delivery
 - 5-Day bootcamp-style workshop
 - 5-Day across five weeks
- Learn the 7 steps of the assessment cycle
- Lessons map to novice level skills of the Assessment Skills Framework (Horst & Prendergast, 2020)

Assessment 101 Learning Outcomes

As a result of participating in Assessment 101, participants will be able to:

-  Articulate how assessment is a tool within the larger context of learning improvement.
-  Identify ways in which CARS can assist JMU participants with their assessment practice.
-  Describe each step of the assessment cycle
-  Constructively critique assessment plans, measurement tools, and claims based on assessment results.
-  Form relationships with others with whom they can collaborate and share assessment ideas, questions, etc.
-  Serve as an active resource to colleagues.
-  Apply knowledge of best assessment practices to a project
