

# Launching A New Card Swipe System

Sheila Bustillos  
Shafayat Islam  
Samuel Williamson

## Where we started

Started in 2008

Used across multiple divisions

A screenshot of a web login page. At the top left is the 'UNT SYSTEM' logo. Below it is a green header bar with the text 'Account Management System'. Underneath is a 'Sign In' section with a light green background. It contains two input fields: 'EUID' and 'Password'. Below these fields is a green 'Login' button. At the bottom of the sign-in section is a link that says 'Forgot your EUID or password?'.

System developed in-house  
connects to SIS

150k – 175k swipes annually

**94%**

FTIC swipes

## What's different?

### Old System

Data open to everyone  
 Head counting  
 No data visualizations  
 Difficult to modify  
 Two systems to access data  
 Problems and limitations

### New System

Private Access  
 Better granularity  
 Data visuals and instant data analysis  
 Newer system  
 One system  
 Better data tracking

## What's different?

**Specific new features that will enhance our ability to more meaningfully track outcomes:**

1. Student Learning **Outcomes** (SLO), Program Outcomes, and/or Operational Outcomes for every event
2. The **degree** in which the learning can be achieved (Foundational, Intermediate, Advanced)
3. Any **High Impact Practices (HIPs)** associated with the event
4. Any **NACE Marketable Skills** associated with the event
5. UNT **Wellness Wheel** component associated with the event

# How it works

Your Name

Your Email

Your Department

Please list your expected learning outcomes, if any.

What is the category of your student outcome?

**Foundational** - Introductions to concepts without in-depth engagement. They often focus on the student's knowledge and attitudes and beliefs. **Engagement is mostly passive.**

**Intermediate** - Reinforcing/practicing learned concepts with active engagement to deepen student's knowledge, attitudes, and beliefs. **Engagement is interactive, facilitated learning.**

**Advanced** - Student's facilitating/teaching other students' foundational or intermediate outcomes and/or creating new projects and demonstrating in-depth knowledge of foundational and intermediate outcomes. Students will demonstrate high levels of self-agency and self-efficacy. **Engagement is lead and/or owned by the individual.**

## Event Creation

Please select the [High Impact Practice \(HIP\)](#) associated with this event, if applicable. Select all that apply.

- This event is not associated with a HIP
- Capstone Courses and Projects
- Collaborative Assignments and Projects
- Common Intellectual Experiences
- Diversity/Global Learning
- ePortfolios
- First-Year Seminars and Experiences
- Internships
- Learning Communities
- Service Learning, Community-Based Learning
- Undergraduate Research
- Writing-Intensive Courses

Please select the [NACE Marketable Skills](#) associated with this event. Select all that apply.

- This event does not have a NACE component
- Career & Self Development
- Communication
- Critical Thinking
- Leadership
- Professionalism
- Teamwork
- Technology

[Wellness Wheel Component](#) – select all that apply.

- Spiritual
- Creative
- Intellectual
- Physical
- Emotional
- Environmental
- Social
- Occupational
- Financial

What is the event type? \*

- In-person
- Virtual
- In-person & Virtual

Who is the audience for this event?

- Everyone at UNT
- Current Students Only
- Current Employees Only
- Current Full-Time Employees Only

Event name

Event Description

# Cross-platform Integration

## What will it produce?

**Launching this new system will allow us to:**

1. Have an event creation, tracking, analysis, and reporting system under one login
2. Allow us to customize to include institutional initiatives (wellness and values)
3. Allow us to track Student Learning Outcomes (SLO), Program Outcomes, and/or Operational Outcomes to better assess program efficacy
4. Restrict data access to one's own department/initiatives
5. Programs that are easier to raise funds for

**ONE STOP
