

WHY IMPROVE YOUR PROGRAM ASSESSMENT PROCESS WITH ABET?

- ABET has more than 20 years' experience teaching best practices in program assessment.
- ABET's assessment expertise is accepted as the gold standard and sought after globally.
- ABET's program assessment planning is applicable to programs in any discipline and across curricula.
- ABET program assessment workshops are led by highly experienced faculty with wide-ranging experience in assessment and evaluation.

ABET's program assessment process is not solely focused on meeting standards or satisfying an accreditor, but on identifying areas where programs can better equip students to succeed during their academic tenure, at the time of graduation and beyond.

ABET's assessment experts provide evidence-based methodologies and best practices that help programs ensure effective student learning. This student-centered approach ensures that assessment is not just about catching mistakes but about raising program standards and demonstrating a commitment to continuous improvement.
