

Do More Good with Knack

Supercharge your existing tutoring efforts via an easy-to-use platform to support, engage, & empower more students.

On average, each Knack partner supports 427 unique courses.

Additionally, 65% of students at our partner campuses previously never used campus tutoring before Knack.

Supplement Your Programs with Knack's Demand-Driven Tutoring Model

Knack's approach to onboarding and mobilizing top students as independent contractors helps all campus types support more students and enhance existing tutoring tactics.

Institutional benefits include:

- **Increase flexibility & accessibility:** A distributed network of tutors increases course coverage and hours of tutoring availability.
- **Lower barriers of entry:** Tutors can work whenever they want and determine the courses they support.
- **Low monetary & time cost of tutor employment:** Knack handles payroll, recruitment and training.
- **Minimal effort to administer enhanced program:** Tutors and tutees handle their own scheduling and Knack manages tutor inquiries and tax form processing.
- **More value for your tutoring budget:** Knack's "1099 tutors" are only paid for the time they spend tutoring students and your center isn't billed for unattended sessions or unbooked availability. **New for 2023: Knack now offers unlimited tutoring hours for a flat rate.**
- **Meeting demand is easier than ever:** Course coverage is infinitely scalable and asynchronous tutor onboarding requires zero time commitment from your staff.

Tailored to Students, Designed by You

Knack works with all institution types to create peer tutoring programs that fit their needs—whether that’s supplementing existing coverage or transitioning all tutoring to an all-encompassing platform.

University of Florida (UF) Increased Peer Tutoring Bookings by 619%

UF supplemented their existing peer tutoring program with Knack’s platform to support 670+ unique courses.

Summer ‘20 to Fall ‘21 Results:

- 39,000+ total hours of peer tutoring delivered
- 64.5% of students had previously never used campus tutoring prior to Knack
- 53% of sessions happened outside of traditional work hours (M-F, 9am-5pm)
- 290+ flexible peer tutoring jobs created

Kennesaw State University (KSU) Scaled Peer Tutoring & Career Readiness Support

“Prior to the pandemic, we noticed a decline in the number of students attending our tutoring center, or even serving as a tutor.

Knack provided a solution for us that helped us provide more accessibility to our changing student body and allowed us to hire more tutors due to the flexibility in employment it offered these students as well.

We like how our student tutors gain valuable work experiences and skills, which are valuable for future employment.”

- Robin Cheramie, Dean of the Coles College of Business, KSU

University of New Hampshire (UNH) Centralized Tutoring to Support 430+ Unique Courses

UNH created a campus-wide peer tutoring program with Knack to scale support to all campus undergrads.

Fall ‘21 to Fall ‘22 Results:

- As of Fall ‘22, 433 courses were eligible for Knack tutoring, with sessions being supported by 107 Knack tutors
- From Fall ‘21 to Fall ‘22, UNH increased the number of tutored students from 436 to 2,366
- 100% of students tutored responded on a satisfaction survey that their tutoring sessions were Excellent, Very Good, or Good
